Democratizing AI for 1.4 Billion Minds

Awakening Bharat's Potential

Architecting Bharat's Sovereign AI Education Ecosystem through Systematic, Localized, and Affordable Learning.

Inclusive • Localized • Scalable • Proven Execution.

Vision & Institutional Backbone

"At the heart of Bharat Bodhan is the realization that AI should not be a privilege of the few. We are bridging the gap between high-end innovation and ground-level accessibility."

Leveraging 20 years of mastery in K12 curriculum and video solutions to deliver an AI journey anchored in rigorous academic standards.

"We have the expertise to make AI understandable for everyone. Our mission is to reach every corner of the world with affordable, high-quality technology that speaks the learner's heart language. We are not just building courses; we are building a future-ready Bharat.

Wherever the need, eQOURSE is ready to deliver with affordable, customizable, and world-class technology."

-Somveer Taval, Founder & CEO

200+ SMEs &
Instructional Designers

eQOURSE PTE. LTD
(Singapore) | Operations in China,
USA, UK, UAE, Singapore, India.

ISO 9001: 2015
& 27001: 2013 Certified.

Expertise Validated by Scale

2023-2025 Record.

Vertical	Scale (2023-25)	Measurable Output
AI Content	245+ Hours	600+ Localized HD Lesson Videos
Academic Assets	1000+ Multi format Assets	600+ PPT Decks & 500+ Worksheets
Linguistic Reach	12+ Indian Languages	Full Localization (Grades 5-10)
Teacher Skilling	30+ Hours	Specialized AI Training (TOT)
Validation	Microsoft Approved	Industry-Vetted Coding & AI Projects

Hybrid engine combining AI-assisted transcription with Stringent Human SME QC for absolute precision.

Systematic Pathways Grade 1 to Professionals

Simplifying AI: A Systematic Academic Pathway (Grades 1-12)

Foundational (G1-5)

Logic & Pattern Awareness.

Intermediate (G6-10)

ML Foundations & Creator Mindset.

Advanced (G11-12)

Python, Data Science & Gen-AI.

Proprietary Bridging Modules for mid-entry support.

AI for Everyone

Beginner: AI Awareness & Prompting (Parents/Seniors).

Explorer: Workflows & Python (Students/Teachers).

Innovator: Deployment & APIs (Professionals).
